WHY CHOOSE US

100% Satisfaction

It's our aim to create spaces where people & activities thrive where customers get utmost satisfaction.

Expert Team

Our team is capable in handling all the projects from the initial concept till the actual completion throughout.

Creative Design

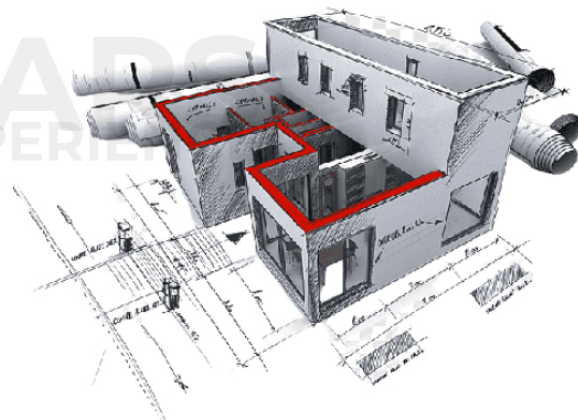

Our firm strives to create design that inspires, approaching each project, regardless of the size & scale.

WHO WE ARE

Putting human life and the built-in environment on the same level while Integrating Mother Nature's inherent characteristics into it, at Design Identity, we design structures and interiors that ensure a sustainable ecosystem where every component thrives together, supporting one another. Like any living organism, outer structures and inner spaces should seemingly emerge from within its environment, naturally complementing it harmoniously.

Furnishing should be incorporated into the structural whole with doors and windows offering aesthetic appeal and practical functionality. The overall style of a building should mirror the personality of the person(s) with whom it is associated, providing every space/structure an identity that is distinctly unique. Team Design Identity is fully equipped to take on projects of all sizes on a turnkey basis from our offices in Kochi and Kottayam.

TESTIMONIALS

“ I approached Rahul for his ideas for my new flat in 2015. he was patient for 3 years in its completion and he was right along side with me in its perfection to my liking, he was absolutely genuine in his approach and a great human being in understanding the need of a man who is doing his first home, he patiently listened to my needs and redid the designs endless times to make it my own. Tanya. my wife and I are very grateful to him for his support and ideas in creating a wonderful home for US.

“ Very professional folks. Good attention to detail. Really loved their last work. Would definitely recommend them.
