Testimonial

"Mapp Law Chambers advised Bankia in its business expansion project in India by providing its legal knowledge and expertise. MLC offered us the recommendations and relevant information at the required time and its Indian point of view was very valuable to the project. Setting up a

representative office in India would have not been possible without the MLC's valuable support. MLC offices in both Spain and India have been a great plus as it enabled us to work collaboratively and acted as a bridge towards Indian market and its particularities. We are very happy with the MLC experience"

Chief Representative in India, Bankia (Now 'CaixaBank')
