### About Pala Dental Clinic

**We practise  
modern dentistry  
in a calm & relaxed  
environment**

Dr. Jaya Mariam Samuel BDS, MDS, MICOI has travelled across the globe with her husband who is a Captain in merchant navy. During these voyages she made it a point to visit various dental clinics in USA, South America, Europe, Australia and Singapore and had a close look at the way dental treatments were carried out in these countries. She took the positives from these visits and aims to provide dental care at par with international standards to the people of her hometown. Thus conceptualised Porunnoli Pala dental clinic and implants. Come experience quality care with us.

## Patient Experience

In this short span, we have managed to bring smiles on a lot of faces. Please go through our satisfied clientele before choosing us.

No pain or problems with my procedures. Dr Jaya goes above and beyond the call of duty to make sure you understand the process and after care so you do not have future health risks. I found her to be very professional. My new family dentist.

- Joseph K. Thomas
